Camilion Solutions Joins IBM PartnerWorld Network for Insurance

Partnership enhances Product Lifecycle Management offerings for insurance industry

TORONTO, ON— May 10, 2005— Camilion Solutions, the leading provider of product management solutions to the financial services industry, today announced that it has become a member of IBM PartnerWorld for Insurance.

With this partnership, insurers seeking to improve their product management process in order to speed their new product time to market will be able to turn to Camilion and IBM for a Product Lifecycle Management solution built on IBM's proven technology foundation. By having wider access to compatible and complementary solutions, companies will be able to use a best-of-breed approach to designing their new systems. Together, the companies will offer joint support and delivery options.

"We look forward to working closely with IBM and leveraging the expertise of their Insurance organization," said Lori Nave, Vice President Marketing, Camilion Solutions. "As Camilion continues to provide the leading product management solution for the insurance industry, partnerships with technology leaders such as IBM is key to our strategy for increased growth."

Camilion's product management and underwriting solutions are helping leading insurers realize the promise of speed-to-market. Camilion Solutions will be at ACORD/Loma 2005, taking place in Orlando, FL, May 22-24. Visit Booth #1605 for a demonstration of how Camilion helps insurers become market leaders. Camilion will also be at the IBM IAA User Group & Insurance Solutions Conference (Table 7), taking place in Orlando, FL, May 25-27. For more information visit www.camilion.com/events.htm.
