

FOR IMMEDIATE RELEASE

Camilion Solutions Ranked One of Fastest Growing Technology Companies in Canada in the Deloitte Technology Fast 50

Toronto, Canada – Sept. 30, 2008 – Camilion Solutions, a leading provider of product development solutions and next-generation policy administration systems to the insurance industry, today announced that the company has been ranked among the Deloitte Technology Fast 50, a ranking of the 50 fastest-growing technology companies in Canada, based on the percentage of revenue growth over five years. Camilion's increase in revenues of 1,897 percent from 2003 to 2007 resulted in a 13 ranking.

For over a decade, the Deloitte Technology Fast 50 program has tracked the successful growth of Canadian-grown global leaders. Now Canada's pre-eminent technology award program, the Deloitte Technology Fast 50 augments the broader Deloitte North American Technology Fast 500 initiative, with winners automatically eligible for this elite ranking.

“Transforming technological innovation into business success is challenging, and it's especially difficult to sustain such rapid revenue growth over five years. Camilion Solutions has rapidly built a highly successful company in the Canadian technology industry and we applaud their dedication and ability to transform their vision into reality,” said John Ruffolo, National Leader, Technology, Media & Telecommunications Industry Group, Deloitte.

Camilion's CEO Ross Orrett credits the U.S. insurance market's rapid adoption of its modern, world-class solutions with the company's exceptional growth over the past twelve months. “In just the past year, we have more than doubled our customer base, which includes the world's largest insurers,” Orrett said. “Being ranked in the Deloitte Technology Fast 50 with such an elite group of innovative companies is an honour for Camilion. This award is a tribute to our employees and the courageous execution that our high-performance team exhibits.”

To qualify for the Deloitte Technology Fast 50 ranking, companies must have been in business for at least five years, have revenues of at least \$5 million, be headquartered in Canada, own proprietary technology, and conduct research and development activities in Canada. A panel of industry experts

evaluates and judges companies based on four key criteria: competitive advantage; size, growth, and market attractiveness; management effectiveness and organization; and financial performance.

About the Deloitte Technology Fast 50

The Deloitte Technology Fast 50 program is Canada's pre-eminent technology awards program. Celebrating business growth, innovation and entrepreneurship, the program features four distinct categories including the Technology Fast 50 Ranking, Companies-to-Watch (early-stage Canadian tech companies in business less than five years, with the potential to be a future Deloitte Technology Fast 50 candidate), Leadership Awards (companies that demonstrate technological leadership in four industry subcategories: hardware/semiconductor, software, telecommunications and emerging technologies) and the Deloitte Technology Green 15 Awards (Canada's leading GreenTech companies that promote a more efficient use and re-use of the earth's resources in industrial production and consumption). Program sponsors include Deloitte, Gowlings, GrowthWorks, RBC Capital Markets, Wellington Financial, Stonewood Group, CATAAlliance and IGLOO. For further information, visit www.fast50.ca.

About Camilion Solutions Inc.

With customers who are the world's largest insurers, Camilion Solutions, Inc.
