

FOR IMMEDIATE RELEASE

Camilion's Next-Generation Policy Administration System Provides Total Implementation for Cincinnati Specialty Underwriters

Authority Suite® Configured, Integrated and in Production in Six Months

Toronto, Canada – December 2, 2008 – Camilion Solutions, a leading provider of [insurance product development solutions](#) and [next-generation policy administration systems](#), today announced that The Cincinnati Specialty Underwriters Insurance Company, the excess and surplus lines subsidiary of The Cincinnati Insurance Company, has gone into production across multiple states using Camilion's Authority Suite®. Working collaboratively, Camilion and CSU were able to configure, integrate and launch Authority Suite in less than six months, and CSU now is issuing E&S policies on the same day they are submitted through an affiliated insurance brokerage subsidiary. As part of the total implementation, [Authority Suite](#) was integrated with several third-party solutions including document generation, document management, address standardization, a data warehouse, claims, single sign-on security, and online information services.

Authority Suite was CSU's enterprise policy administration system choice because of its flexible, tools and rules-based solution that CSU can configure and maintain in-house.

"We chose Camilion for three reasons: Authority Suite is a next-generation policy administration solution; Camilion has successfully delivered solutions for other larger insurers; and most importantly, Camilion has deep insurance and implementation expertise," said Don Doyle, senior vice president for Cincinnati Specialty Underwriters. "Although industry consultants recommended doing a proof of concept before selecting a vendor, we chose to commit to Camilion and drive to aggressive production dates. Camilion responded quickly and with the same spirit of commitment. We couldn't have asked for a better partner. Our ability to provide real-time delivery of a policy to our agency customers is a unique advantage in the E&S market."

"We're proud to have Cincinnati Specialty Underwriters as our first live customer for Authority Suite, just a few months after formally launching the solution at last year's ACORD LOMA show," said Ross Orrett, Camilion's President and CEO. "We are seeing a great deal of interest in our next-generation policy administration system and are committed to providing valuable clients, like CSU, with a world-class solution that enables them to meet their strategic objectives."

About Authority Suite

Leveraging a Service-Oriented Architecture and built on the most modern, tools and rules-based technology platform, Authority Suite supports the entire policy lifecycle including application data capture, qualification, rating, quote management, bind, issuance, all the required policy endorsement functionality and easy integration to other enterprise systems. Authority Suite, which features a consolidated underwriting workstation and [straight through processing](#) (STP), is powered by Camilion's ProductAuthority®, the world's only "pure" product configurator built from the ground up for insurance. ProductAuthority creates agility by externalizing all product data and rules from multiple, hard-coded operational systems into a central repository, where complex products can be easily configured and modified.

About Camilion Solutions Inc.

With customers who are the world's largest insurers, Camilion Solutions, Inc. (www.authoritysuite.com) uses its deep knowledge of insurance to create software solutions that enable insurers to develop new or modified products more quickly than competitors, [automate underwriting](#), enable straight-through processing for online sales, and deploy an agile, modern technology platform to better support growth and expense reduction. Camilion is a privately owned corporation established in 2001 with offices in Toronto and New York.

About The Cincinnati Specialty Underwriters Insurance Company

The Cincinnati Specialty Underwriters Insurance Company, a wholly owned subsidiary of The Cincinnati Insurance Company, markets excess and surplus lines property and casualty insurance. Appointed Cincinnati agents have access to CSU through CSU Producer Resources Inc., a wholly owned insurance brokerage subsidiary of parent-company Cincinnati Financial Corporation. CSU writes general liability coverage in Alabama, Arizona, Arkansas, Idaho, Iowa, Georgia, Illinois, Indiana, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Carolina, North Dakota, Ohio, South Dakota, Tennessee, Utah, Virginia, Vermont, West Virginia and Wisconsin and property coverage in Georgia, Illinois, Indiana, Ohio and Wisconsin. CSU has plans to expand excess and surplus lines business into all states where The Cincinnati Insurance Company is active, except Delaware.
