

## FOR IMMEDIATE RELEASE

### **Camilion Improves Standing in the Branham300 List of Top Canadian Technology Companies for Five Consecutive Years**

**TORONTO, ON – April 14, 2009** – Camilion Solutions, a leading provider of software solutions for the insurance industry, today announced that it has been named as one of the Top 250 technology companies in Canada in the 2009 edition of the Branham300, the premiere ranking that defines Who's Who in Canadian IT. Camilion is in good company, positioned among some of the world's largest technology firms, including Celestica, CGI, Open Text, and Research in Motion.

“Camilion leveraged its core strengths and achieved considerable growth over the course of 2008, climbing an amazing 24 positions on this year's Top 250,” said Wayne Gudbranson, President and CEO of Branham Group. “Increasing revenues by 50 per cent to reach its highest position on the Top 250 in the company's history is a considerable achievement in a time of economic uncertainty.”

Despite a difficult economy, Camilion expects steady growth as existing customers continue to provide additional business and others adopt their flagship product development and management solution, ProductAuthority®, and their modern P&C policy administration system, Authority Suite®, which is widely recognized by industry analysts for its flexible, modern technology platform. Camilion is currently hiring in all areas of its business and has just contracted to double its office space within the next year.

“Being ranked by Branham Group for the fifth straight year is a reflection of our focus and employees commitment to the markets we serve,” said Ross Orrett, President and CEO, Camilion Solutions Inc. “Camilion is enjoying strong financial health and is poised to exponentially grow its revenue for this fiscal year (July 1, 2008 to June 30, 2009). With solutions that enable both large and mid-sized insurers to reduce costs, accelerate product time to market, and make it easier for producers to do business with them, we're confident that this growth will continue.”

#### **About Branham Group Inc.**
